Dubuque Food Pantry

Greetings! We are so happy to serve our community.

In 2018, we distributed 19,000 pounds of produce through the Dubuque Food Pantry. It's so good to have healthy choices for families to choose from. (Keep us in mind as you begin planning your summer gardens!)

This year, with the positive changes at St. Stephen's Food Bank and their partnership with River Bend Food Bank in the Quad Cities, we will be able to purchase and offer a larger variety of all kinds of foods. We purchase much of our product from St. Stephen's Food Bank. Your cash donations make this possible!

****REMEMBER**** Scouting for Food is Saturday March 16, 9 to 11 AM. Leave a bag of food outside your door by 9 AM and the Scouts will pick it up! The goal is 40,000 pounds! It will be delivered to food pantries in our area, including the Dubuque Food Pantry.

*St. Luke's United
Methodist Church*

1199 Main Street, Dubuque,

Fabulous Fridays continues at St. Luke's United Methodist Church. Now in its 28th season, this popular series began in 1992 with musicians from St. Luke's and grew to include locally and nationally recognized artists. More than 200 artists have performed for these informal downtown concerts during the series' history.

St. Luke's UMC is located at the corner of 12th and Main in Dubuque. Performances begin at 12:05 p.m. and are 30 minutes in length. Many in the audience bring their lunch and enjoy time together after the concert in the church Fellowship Hall, where coffee and desserts are available. The concert, coffee and desserts are free, but baskets are available for contributions. Metered street parking is available. Accessible entry is in back of church.

Our winter weather policy is that if the artist can get there, the show is on.

Sinsinawa Dominicans Take Action on Climate Change

SINSINAWA, Wis.—The Sinsinawa Dominican Congregation recently approved a corporate stance in recognition of climate change and is committed to improving our relationship with Earth.

The stance states the Sinsinawa Dominican Sisters believe that our present relationship with Earth and the resources provided by Earth are grievously imbalanced and harmful to the planet itself. The impact of human action stresses and overwhelms the self-sustaining and self-correcting capacities of our environment, narrows bio-diversity, and threatens the capacity of Earth to support future generations. The Congregation realizes

that the reality of global climate change negatively impacts the community of life in ways beyond human understanding and that the negative impact on the human community is experienced more forcefully by those living in poverty and those living in fragile ecosystems.

At least two-thirds of a simple majority of the Congregation must agree upon the stance to achieve passage. Seventy-seven percent of sisters voted, and all agreed to support the stance. “We believe that we are called to protect the vitality, diversity, and uniqueness of Earth and the community of life sustained here,” said Sinsinawa Dominican Peace and Justice Promoter Sister Reg McKillip, OP. “Our corporate stance compels us to act individually and together on behalf of Earth to support the sacred life of future generations. Sinsinawa Dominican Sisters and Associates have been involved in offering education and support in reducing our carbon footprint upon the planet, and we encourage others to do the same.”

The Sinsinawa Dominicans are committed to joining others in creating awareness and action toward a more sustainable future by working for systemic change and promoting legislation to protect the environment and the community of life. Sisters have already invested in supporting the development of sustainable energies and advocating for more environmentally responsible corporate policies and practices. For example, the sisters recently installed three solar arrays at Sinsinawa Mound which will save the organization over \$35,000 annually in utility costs. By 2022, the Congregation hopes to restore most of the savanna ecosystem, convert 15 acres of manicured lawn to prairie, and restore and protect over 50 acres of forest, all at Sinsinawa where the Sisters also continue to expand their organic farm operation known as Sinsinawa Mound Collaborative Farm.

Sinsinawa Dominican Sisters invite you to learn more about their work by visiting their website at www.sinsinawa.org. The Sinsinawa Dominicans are part of a worldwide Dominican family, the Order of Preachers. For over 800 years, Dominicans have continued to preach the Gospel in word and deed. Today, thousands of sisters, nuns, priests, brothers, associates, and laity minister in more than 100 countries around the world.

Sisters of St. Francis

Sister Water Project

The Sister Water Project (SWP) was founded by the Sisters of St. Francis in 2006 to bring safe water to villages in Tanzania and Honduras. The initial goal was to raise \$42,000.

That goal was met by April 2007! As a result, nine Simm tanks (water holding tanks) were built in Tanzania and 30 volunteers traveled to Honduras in the fall of 2007 to help dig trenches for pipes to bring water to homes. Then an amazing thing happened...and continues to happen! Donations continued coming in for the SWP! To date, 212 wells have been installed in villages in Tanzania to bring clean water to people. Donations have also supported over 20 well projects in Honduras. Additionally, five more service groups have traveled to Honduras since 2007.

This all happened because of generous donors! In May 2018, Sr. Kathy Knipper spoke about SWP at your DACU meeting. We are grateful for the donations that were received as a result of that speaking opportunity! SWP continues to welcome opportunities to speak at your churches, faith sharing groups, book clubs, etc. If your group would like a SWP speaker, please contact Sr. Kathy at knipperk@osfdbq.org or feel free to learn more on the SWP website at <http://osfdbq.org/sisterwaterproject>.

Crescent Community Health

Looking Forward to an Exciting 2019!

This year will truly be a transformative year at Crescent Community Health Center. We begin 2019 in our original location, and will end the year across the street at our brand new site doubling our space and expanding our services to meet the rapidly growing need for care. This move will enable us to continue our mission providing high-quality, respectful, and affordable medical and dental care to improve the health and well-being of our community.

Of course, our success will continue to depend on the talented staff who make up the Crescent team providing high-quality, patient-centered care to our over 6,500 patients a number which is projected to grow to over 8,500 patients in just a few years.

I am excited for Crescent's future and truly believe we've never been better positioned to deliver on our commitment to make a difference and achieve our vision of "quality care for all, resulting in a healthy community."

Stay tuned as we continue to share updates on our move and exciting clinical quality metrics with you, our valued community partners, in the months to come!

Hospice of Dubuque

Hospice of Dubuque will soon be sponsoring two six-week bereavement support groups. They will be open to anyone in the tri-state area who has experienced the loss of a loved one, through death, within the past twelve months. It is suggested that participants wait at least three months after a loss before attending.

The groups will meet on Tuesdays, beginning February 12 through March 19. A morning group will be offered from 10 – Noon, and an evening group will be offered from 6 – 8 pm. Groups will meet at the Hospice of Dubuque office in the Theisen Education Center, 1670 JFK Road. The sessions are meant to be both educational and emotionally supportive.

There is no requirement to have had a previous connection with Hospice of Dubuque. Group size is limited so pre-registration is required by February 5. Attendance at each weekly session is strongly encouraged. Please contact the hospice office at (563) 582-1220 for a registration form. Although there is no fee for the group, a contribution to defray the cost of materials would be appreciated."

Thank you for helping communicate this information to the Dubuque and surrounding area.
